

BLINDS

Explore style, privacy and light control with our premium range of SheerGuard Blinds for modern blind solutions designed to complement every space.

Aluminium Venetian Blinds – From home windows to office windows, our aluminium venetian blinds will transform your space by giving it a sleek, clean look with complete control over the amount of sun light that enters the room.

Vertical Blinds – Fabric vertical blinds provide a decorative and effective method in which to control light while still maintaining a perfect view.

Zebra Blinds – modern double-layer roller blinds with alternating sheer and opaque stripes that slide to control light and privacy, offering flexible lighting with a sleek, contemporary look.

Plaswood Blinds – Plaswood is a technological breakthrough that combines plastic and wood into a composite material, creating a natural feel to your environment.

Wooden Venetian Blinds – Our Eco-Wood range is affordable and versatile, ideal for kitchens and bathrooms. Wooden venetian blinds bring a classic timeless style and natural beauty to any home or office.

Honeycomb Blinds – Ultra light, stylish and energy efficient. Honeycomb blinds have a unique cellular design that create a barrier of insulation that reduces heat in summer and maintains warmth in winter..

Roller Blinds – Roller Blinds are versatile and stylish offering a classic design with a choice of block-out fabrics, to sheers that provide just the right amount of daytime privacy.
